

Wood End School

Learning Together, Respecting Each Other

Curriculum Statement 2019

We follow the National Curriculum; this is our [Curriculum Map](#).

We teach the curriculum with a cross curricular approach, ensuring key skills are taught throughout.

In Phonics we follow the Letters and Sounds Scheme using LCP. Our reading books are taken from a wide variety of publications; these include Oxford Reading Tree, Ginn 360, Rigby Stars and a variety of other materials.

In Maths we use Abacus Evolve as our main Maths Scheme. However, this is supported with a variety of other resources adding enrichment and challenge to the Maths curriculum.

In Computing we use the Rising Stars Scheme.

Please visit the individual class pages (or the [letters home page](#)) for the Year Group Curriculum Plan for the term.
