Curriculum Statement 2019

We follow the National Curriculum; this is our Curriculum Map.

We teach the curriculum with a cross curricular approach, ensuring key skills are taught throughout.

In Phonics we follow the Letters and Sounds Scheme using LCP. Our reading books are taken from a wide variety of publications; these include Oxford Reading Tree, Ginn 360, Rigby Stars and a variety of other materials.

In Maths we use Abacus Evolve as our main Maths Scheme. However, this is supported with a variety of other resources adding enrichment and challenge to the Maths curriculum.

In Computing we use the Rising Stars Scheme.

Please visit the individual class pages (or the letters home page) for the Year Group Curriculum Plan for the term.
