Willow 1 and 2 Class Homework (Summer 2):
Creatures Great and Small!

Please choose any 3 activities from those suggested below and bring them into class by Friday 12th July 2019 or whenever you have finished any of the pieces! Please remember that we end for summer holidays soon so we would like to display homework for as long as possible!

- Draw a picture of a seaside! It could be somewhere you have visited such as Southend or Clacton or a completely made up one!
- Find out some amazing facts about an animal that lives under the sea. You could make a poster, a fact book or simply draw or print a picture and write some facts underneath.
- Imagine you are going on an adventure with a whale, swimming across the ocean! Where do you go and what do you see? Write a story and bring it in or record your story on video and send it to ktoms2.311@elmparkschool.co.uk or ldobinson.311@elmparkschool.co.uk!
- Practise your adding and subtraction using items at home. This could be with your toys or objects such as spoons or fruit! Take a photograph and send it to our email addresses or have a go at writing down some of the number sentences e.g. $3+2=5$, $7-3=4$
- Design a shell for a snail. Will it be sparkly and colourful? Will it have a purpose and be fit for a superhero? You could design it on paper or use recycled materials and tell us about it.
