08.07.19	Effie, Lily, Zay	Ella, Luca, Zeph

**This half term we would like the focus of 'Show and Tell' to be 'ANYTHING YOU LIKE!!!!'**

**It really helps the children to be able to talk; and for us to support them if they bring in photos, drawings, books or a powerpoint presentation to support them when sharing their information. Photos can always be emailed to school using the admin email address.**

Please help us by reminding your child when their 'Show and Time' is and encouraging them to prepare what they would like to share with the class at home trying to limit the presentation to 5 minutes. Advance preparation really does make 'Show and Tell' a much more positive experience for the speaker and the audience!

Planning and taking part in 'Show and Tell' helps us to work with the children on:

- ☺ Learning to speak with a clear voice in a different situation.
- ☺ Explaining their ideas and using adventurous vocabulary.
- ☺ Listening to others in class and asking relevant questions.
- ☺ Responding to presentations by repeating some information they remember and commenting constructively.

The children can bring in special things that they would like to show at anytime and we will do our best to make time for them to share it with their friends. Also certificates, trophies or other objects that show their achievements outside school and these can be shared with the whole school during celebration assembly on a Wednesday.

Thank you,

Great Oaks Team
