Dear Parent/Carer,

Y4 Zoolab workshop

As part of our 'Wild and Wonderful' topic we have organised for a very exciting visit from a company called 'Zoolab'. The day will consist of two information-rich workshops with highly skilled animal professionals. One will explore food chains, predator and will be highly interactive with questions and answers throughout. Within this, the children will be able to look closely at a range of interesting real life animals. In the second workshop, they will meet the three great survivors (rats, cockroaches and humans) and consider how and why they have survived, looking closely at habitats.

As part of the day, the children will be able to spend some quality time with a range of animals and have the opportunity to revisit some of their favourites. As well as this, they will have a selection of other exciting learning opportunities throughout the day. It will be a wonderful experience!

This will take place on Monday 1st July 2019.

The details of the visit are as follows:
