'Pride in Success'

At Teign school we believe all children are unique and our role is to grow academically successful, aspirational, brilliant and resilient young adults who are equipped with the qualifications, skills and personal attributes to lead happy and fulfilling lives.

In order to achieve success for every child we are fully committed to a shared vision and set of values. This vision is that at Teign we:

- ensure and celebrate achievement; so that every child achieves their aspirational targets
- embrace and grow a love of learning; through innovation and creativity and an excellent environment for learning
- are all part of the Teign Community; establish and build the values of citizenship and duty; strengthen links to place Teign at the centre of the local community
- support each other; through consistently high expectations, treating others as you wish to be treated yourself and encouraging tolerance

- grow the 'best' mindset; where the outcomes are brilliant, happy and resilient young people and where failure is seen as part of the learning experience
- are ready for the world; through the delivery of a broad, balanced and meaningful curriculum; the ability to work collaboratively as part of a team, to be work place and culturally aware; to grow future leaders.

Staff at Teign work together to ensure that every student takes full advantage of the fabulous opportunities that our school and multi-academy trust offers, both within the classroom and beyond.

I am very proud to invite you to visit Teign and experience first-hand the work that we do.
