

Weekly Update: Term 6, Week 4 - 24th - 28th June

Following on from a brilliant Active Week and Sports Day we were delighted this week that our Year 5/6 Under 11 players won the Peterborough United Gifted and Talented Tournament on Wednesday - nice one lads!! 16 teams from the local area took part so it was no mean feat.

We've also been looking at the skies this week as we had our own aerial photo taken by Martin Bird using a drone - these will be available for parents to purchase shortly - and we

also had the benefit of William Hildyard's visit by a Puma helicopter!

We do have a lot of information coming your way very soon in the form of the new class arrangements, reports, Open Day information etc. - all of this will be shared with you as soon as we are able to do so, please bear with us while we check and double-check everything!

Please can we continue to remind everyone in this season of warmer weather that you will need to provide your child with a drink bottle that they can refill at school, suncream and a sun hat. Thank you.

Term 6, Week 5 - 1st to 5th July Next week's forthcoming attractions are:

1. New Reception Children We are delighted to welcome the new Reception children back in on Wednesday - it's great to see them enjoying their new classroom and making new friends!

2. Sporting Events Sporting events continue this week which children have been invited to - please would you check your Parentmail account to see if it's your child! We can't take them without your permission and it would be a real shame if they missed out. Thank you.

3. Year 2 Visit to Rose Lodge As part of our community links a group of Year 2 children will visit Rose Lodge Care Home to sing songs and chat to the older members of our community.

4. Year 6 Puberty Talk The Year 6s will be learning about the changes that take place during puberty, creating a positive body image and forming positive relationships. This is a whole year group activity, so if you do not want your child to take part please contact us before Friday 5th July. Thank you.

PLEASE can we remind you again to bring in any outgrown/unused cycle helmets for our Reception children to wear when they're tricycling/scootering in the outdoor area - thank you!
