

St. George & St. Teresa's School is a Catholic School where we show love and care to all members of the community.

It is a place where the Trinity is central to our lives; where we pray together, praising Almighty God, learning about Him and growing closer to Him.

It is a place where we work together, living our faith, and learning together, sharing and developing our knowledge, skills and understanding through all aspects of the curriculum.

It is a place where we endeavour to live as Christians in a multicultural, multi-ethnic society.
