4<sup>th</sup> June 2019

Dear Parents,

As Wednesday 5<sup>th</sup> June is World Environment Day, we have decided to focus our learning this week on the environment. Each class will be learning about different aspects of our environment and how they can help to make a difference.

As part of our activities, we are planning to spend Friday at Conover woodland area along with Conover CE Primary School. We would like all the children to have a picnic which is as environmentally friendly as possible. This means that we would like your children, to not only eat healthily, but also to try and have a zero rated planet box, by making sure that everything inside their box could be reused, recycled or reduced.

Mrs Hope, in our school kitchen, has already made some significant changes to her practice to become more environmentally friendly. She has offered on this day to provide a picnic lunch for any children who require it which is zero rated for our planet. Please complete the form below if you require a picnic from her on Friday. The cost will be as per a normal lunch.

Also on Thursday and Friday, please come in forest school type clothes, making sure that you include a waterproof coat and wellies (these are essential as we will be going into streams). Please also see attached the Forest School kit list. Children will NOT need uniform on those days however on Thursday please can KS2 pupils bring an extra pair of shoes as these will be needed for the swimming baths.

Yours sincerely

*K. L. Lewis*
