Toothbrushing Programme

Dear Parent / Guardian

To keep your child's mouth healthy, it is important to follow advice on good diet and eating habits, attend the dentist regularly and encourage a regular routine of good brushing using fluoride toothpaste.

The children attending nursery are taking part in a toothbrushing programme. Each child has their own toothbrush, which is stored under controlled conditions. All children are closely supervised while brushing their teeth by trained staff. All children are encouraged to take part.

If you wish your child to participate in the programme, please complete the details below and return to nursery as soon as possible.

Name of Child _____ DOB.....

Name of Nurserv.....

I do/do not want child to participate in the toothbrushing programme
