

Eco Team meeting Wednesday 12th June 2019

1) Ms Hardman to welcome all to the meeting

2) **Nursery team members:** Look at the new eco code and get the children to say what it means – and how it helps us. Remind of recycling. *The children also remembered how we had done the RSPB bird watch and we looked at the sheets we had filled in at the time.*

FS2 and KS1 team members:

- 1) Look at the new eco code and get the children to say what it means – and how it helps us. Remind of recycling. *The children proud of their class's contributions.*
- 2) We discussed our **Transport** – Active Alderman Pounder travel campaign – and the children helped to analyse the ways people had travelled – with pleasing results showing that the school's carbon footprint had been reduced. *The children were very quick at adding up the totals – especially the year 2s!*
- 3) We discussed that a green flag assessor would be coming to help us gain another green flag – and reflected on our previous campaigns! *The children were proud of their achievements and the campaigns we had run.*
- 4) I thanked the children for their support and enthusiasm
- 5) Close of meeting: 3.09 p.m.
