Friday 5th April 2019

Dear Parents/Carers,

The eco-team is pleased to announce a spring competition to keep you entertained over the Easter holidays!

The competition is for children to plant a mini-garden in any item that has been recycled – this could range from a cut-up milk carton to an old wheel-barrow! We can't wait to see their entries so get those imaginations soaring about which recycled container they could use and then let their green fingers do the rest! The gardens can be planted with old cuttings or new plants and seeds. The children could even recycle some other items to add to the look of their garden – e.g. a silver foil tray pond with a pebble border.

Please bring your entries in for Thursday 25th April and place them in the potion station garden in the KS1 side of school. Please ensure each entry is clearly labelled with your child's name and class name e.g. Joe Smith, Cherry Class (If the weather is bad then please bring them in to the school entrance area). The potion station garden is the area through the wooden arch on the KS1 side of school.

The competition is open to Nursery, FS2 and KS1. There will be a prize for each year group so happy growing and we look forward to seeing the fruits of your labour!
