

# Oak Lodge EYFS Weekly News

Summer term

Week ending 28.6.19

Dear Parents/Carers

Bumblebees Class hope that you enjoyed their amazing assembly and thank you to all parents for providing the costumes.

We have had a very exciting week with a visit from the Police, courtesy of Rajvir's daddy from Dragonflies Class. We are extremely grateful to him for arranging the visit.

As the weather is warming up please be reminded to apply suntan lotion to your children before school and provide them with a sun hat and drink.

Thank you for your support from the Reception Team

## Prime Areas

**PSED**- The children have talked about endangered species and what may cause these sea creatures to become endangered and how that makes the children feel.

**Physical**- The children have been using the apparatus and moving on and around it using different skills.

**Communication and Language**- We have been playing "pass the story" and making up some very funny and interesting tales between us. The children have listened well to each other's ideas.

## Specific Areas

**Literacy**- This week the children have been learning some more sea creature facts and writing captions for pictures using adjectives.

**Phonics**- The children have been re-capping all the sounds and high frequency words learnt so far.

**Maths**- Pirate Pete has been very kind this week and has given back some of the coins he stole last week so we have been working on both addition and subtraction.

**Understanding the World**- The Police Officers came into the classroom and discussed the role of a Police Officer, stranger danger and road safety. The children were lucky enough to also go in the police van and tried on lots of police uniforms.

## This Week's Challenge

Research an interesting species of shark such as the Hammerhead shark, the Dwarf Lantern Shark or the Lemon shark, there are over 400 different kinds! Write some sentences about what you found out.

Have fun!
