

Sporting News – July 2019

Congratulations to our Year 6 Cricket team who the Edlington pyramid tournament. Both teams were exceptional throughout the day.

The teams were split into 2 groups playing a round robin format. The teams dominated the day winning the majority of their matches with a difference of over 100 runs. It was a great opportunity for children to develop their sport-specific skills linked to cricket, and they were able to develop their team work and communication skills.

Thank you to all the parents who attend the event and showed their continued support.
