

Motivation assembly - 13th February 2019

Warmsworth Primary school were visited by Shay Booth (England college under 19` s goalkeeper) to share his experiences as he has developed in his sporting career. The assembly allowed the children the opportunity to ask Shay questions relating to his time at Warmsworth Primary and how he has progressed to playing football for England. The children were engaged and motivated to try different sports and to follow their ambitions.

Following the assembly, a group of Year 3 children then had the opportunity to work with Mr Booth to develop their dribbling, passing and shooting skills. As England's first match next week will be against Romania the children played a match replicating this match that will take place next week. Team England won 3-0 against Romania - hopefully this will be the result next week!
