Key Stage 2 SATs results – we are pleased to share with you results released this week to schools for end of Key Stage 2 national tests. We know all of our children do their very best, supported by you and our teachers and teaching assistants. We also recognise that the tests are a snapshot and that not all children perform as well in a test situation as they do in class. Once again we have a very strong set of results due to the quality of teaching and learning for our pupils.

	Expected +		Average Scaled Score		Greater Depth
	Penns	National	Penns	National	Penns
Reading	80%	73%	106	104	30%
