

## Featherstone All Saints C of E Academy Sport Premium Grant: 2018/19

### Our Vision

*'At Featherstone All Saints we aim to inspire children through creativity and the arts, invigorate them through sport, educate them on a healthy lifestyle and open their eyes to the diverse world around them. It is our mission to equip children with the tools they need to realise their full potential. To achieve this we will work in partnership with parents and the community, within a secure and caring environment.'*

**'Together we believe, achieve and succeed'**

At Featherstone All Saints Academy we believe PE & Sport plays an important role in making our vision statement a reality for every pupil, with the potential to change young people's lives for the better. Indeed, one of our three curriculum drivers is *'Sport promoting a healthy lifestyle'* highlighting the emphasis we, as a school, place on the importance of PE to our children.

We, therefore, welcomed the Government's announcement in June 2013 to provide additional funding to improve provision of physical education (PE) and sport in primary schools. We are committed to using this resource in developing high quality PE lessons, alongside greater opportunities for sporting competitions and clubs for all our young people.

The funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport - is allocated to primary school head teachers. The funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

In the Autumn Statement 2013, the Chancellor, George Osborne announced an additional year's £150m extended funding, taking the total investment to the end of the 2016 academic year. On 6th February 2014 the Prime Minister, David Cameron committed to continue the funding for the Primary PE & Sport Premium until 2020.

In 2017 the sports funding was increased for all schools to receive approximately £16,000 per year

The Department for Education's vision for the PE and School Sport Premium - 2018 - 2019

**VISION:** All pupils leaving primary school should be physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport in primary schools.

**OBJECTIVE:** To achieve self-sustaining improvement in the quality of PE and sport in primary schools.

Indicators of such improvement to include:

- The engagement of all pupils in regular physical activity - kick-starting healthy active lifestyles.
- The profile of PE and sport being raised across the school as a tool for whole school improvement.
- Increased confidence, knowledge and skills of all staff in teaching PE and sport.
- Broader experience of a range of sports and activities offered to all pupils.
- Increased participation in competitive sport.

At All Saints C of E Academy we use the premium to:

- develop or add to the PE and sport activities that school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
