Our Learning this week

2 weeks ago, I set the children the challenge of getting hedgehogs into forest school. Since then, we have been researching their habitat, their diet and how they like to live. We have become experts! Yesterday (as I'm sure you have already heard), all the children's hard work paid off! A little hedgehog was spotted in Forest School! We called him Hodgeheg after Max in our class text and we had the most wonderful day making him feel welcome and comfortable. We created information booklets and wrote incredible stories about the day Hodgeheg came to Knayton! It really is a day we will remember forever!

As the year comes to an end, I want to take this opportunity to say just how proud I am of every single child in Hazel Class and how grateful I am for your support as parents over the year. Every single child has brought laughter, happiness and compassion to Hazel Class and I feel very lucky to have been their teacher. Each and every one of them is special in their own way and I know they will all go far. Have a wonderful summer and I'll see you in September!
