

Year 6

Autumn Term

World War 2

During this topic, children will...

Art

Explore Picasso's approach to painting scenes with action such as his Guernica painting

Learn how to create non-linear presentations. Use video editing effects and tools to create a specific affect. Begin to learn about programming websites using the language HTML

Computing

DT

Develop their understanding of structures and how to make them stronger. Children will plan and make a wooden model of an Anderson Shelter

Use maps to explore which countries were involved in WW2. Use OS maps to find about more about the role of Tyneham Village during the war.

Geography

History

Analyse key events such as the Blitz and evacuation of children and explore the reasons for their outcomes. Develop use of historic sources to find out about the past.

Literacy

Explore a range of text set in WW2 e.g. Good Night Mr Tom, Friend of Foe. Explore the features of and create biographies, poems and news reports. Develop understanding of a range of punctuation and the different parts of sentences.

Describe, identify and visualise a wide range of properties for 2D and 3D shapes. Continue to refine use of formal written methods of calculation. Suggest, plan and develop lines of enquiry. Calculate the perimeter and area of different shapes. Solve more complex problems involving identifying rules and making generalisations.

Maths

Music

Play and perform using voices and playing musical instruments with increasing accuracy, fluency, control and expression.
Develop an understanding of music history.

PSHE/ Life Skills

Develop different ways to work in a group.
Explore situations from another point of view.
Understand ways to help others in school

PE

Develop dances in response to different stimuli.
Adapt skills and control them in different situations.
Develop tactical awareness during invasion games.

Science

Use correct symbols for drawing electrical components.
Explore how the thickness wires affect the electricity passing through it.
Take repeated and accurate readings.
Understand the different parts of various body systems.
Plan own investigations and make conclusions based on the data collected.

Spanish

Weather : Will be able to recognise weather expressions and will be able to describe the weather in their region or town
Countries: Will be able to recognise countries in Spanish and will be able to say where they live.
Weather forecasts : Will be able to use a template to create a basic weather forecast about the weather in Epsom and will be able to include additional vocabulary to make it unique
Clothes : Recognise clothing items in Spanish and will be able to describe what they wear.
Packing for a holiday : Classify clothes for different holidays and write a list of clothes to take on holiday
Holiday places: Recognise basic holiday vocab and state the type of holiday they go on/like to go on
Holiday activities: Recognise basic activities on holiday and give opinions about the activities
Holiday writing: Write a basic account of a holiday changing certain elements
Holiday mini booklets
Spotlight on Barcelona
Christmas in Spain
Tarjetas de Navidad
