

## Flore Breakfast Club and After School Club Childcare Vouchers

We would like to offer parents the use of childcare vouchers to support the costs of wrap around care.

Please let the school office know the childcare voucher provider you wish to use and the relevant details. Once the school is registered with your provider we will provide you with our registration number.

Payment references must be your child's full name for us to identify payments in the schools bank account. Once your childcare payment is received by school, it will be used to offset the amount owed on ParentPay.
