

Adding the suffix -ly

Name: _____

Date: 15th November 2019

You have 6 spellings to practice and 4 of your own to find and practice.

Look, Say, Cover, Write, Check

Word	1 st Try	✓	2 nd Try	✓	3 rd Try	✓	4 th Try	✓	5 th Try	✓
<i>suddenly</i>										
<i>carefully</i>										
<i>finally</i>										
<i>completely</i>										
<i>politely</i>										
<i>simply</i>										

You will find the spelling rule at the top of this sheet with six examples of the spellings in the grid above. Your job is to find four of your own spelling words for the spelling rule at the top of the page and place them in the grid. Over the week you need to practice all the spelling words in the grid using the look, say, cover, write, check method five times. You will be tested on the spelling rule(s) in context within a paragraph. Some of the words you complete in the paragraph might not be the ones that you have found, but they will have the same prefix or suffix spelling rule that you have been learning. There will be 6 words altogether as part of your test. On our class page on the school website you will find the spelling video to help you.
Happy spelling! ☺
