Dear Parents,

As many of you will be aware, each year we give parents an opportunity to attend lessons alongside their children to see the classroom in action. This helps parents to gain an understanding of how lessons work in school and supports parents in helping their children at home.

In order to help parents organise a session that suits their schedule, we have listed all this year's dates below in order to allow parents to sign up to a slot and put it in their own diary. This will also ensure a fair split over the year. We have also made sure each one is on a different day of the week to fit in with part time work schedules where we can. All sessions will be from 9:00am – 10:00am.

Please tick the boxes below if you are able to attend the sessions on the dates given. We will then collate results from all classes and send you back information to confirm your attendance slot. Places for family learning are limited to 5 per session. If there are any more than five, we have found that it is detrimental to the focus and concentration of the children in the class. Places are allocated on a first come, first served basis and you will be notified if you have been successful in securing a place after the deadline for replies. We will work out any issues with setting as opposed to class placement as we go along.

Please return the slip to the Class 1 team by **Friday 27th September 2019**. We hope you will be able to join us for family learning this year.

Kind regards

Miss Birkinshaw & Mrs Bromley
Class 1 Teachers

Please tick the dates you are able to attend family learning:

<input type="checkbox"/>	Thursday 14th November 2019 (English)
<input type="checkbox"/>	Wednesday 11th March 2020 (Science/Topic)
<input type="checkbox"/>	Tuesday 16th June 2020 (Maths)

Name of child: _____ Class _____
