

MATHEMATICS

Children will sort objects by type and line up to help develop mathematical thinking and accuracy.

Children will learn that one object can be represented by another and begin to use a variety of representations including numerals and written words.

Children will sequence consecutive and non-consecutive numbers both forwards and backwards within 10.

Children will become confident placing numbers on a number track and using the language of one more and one less and compare numbers.

Children will use ordinal numbers such as first, second and third to indicate position.

They will begin addition and subtraction using the part-whole model and use +, - and =

They will use fact families and number bonds to further secure their understanding.

ART

Children will be looking at the artist Andy Warhol.

We will be creating our own portraits using different media to achieve different effects such as clay, fabric, natural resources from our outside area and a range of mark making materials.

PE and GAMES

Games: Outside we will be travelling in different ways, including running and jumping. We will also practice this indoors.

P.E.: Gymnastics: Inside we will be performing and naming simple gym shapes and ordering them. We will practice showing control and coordination when travelling and staying still.

PSHCE

The theme for PSHE&C this term is 'Our happy school'.

Through discussion and role play, we will explore what it is to be welcoming and how to make a welcoming classroom.

We will also learn how to play well and work well with others and to solve problems when things go wrong. We will work together to generate Golden Rules for our classroom.

RE

The children will be investigating the question Why is the word God important to Christians? Investigating using interactive sessions that include Bible stories and

Year 1

CURRICULUM OUTLINE for Woodpeckers, Puffins and Kingfishers

This Is Me!

Term 1 2019-2020

COMPUTING

This term the children will learn how to become familiar with our new network and hardware, learning how to log on and off and use simple programs. They will also develop their keyboard and mouse skills and embedded within computing will be learning about e-safety. We will be using the School iPads to enhance our learning.

SCIENCE

Scientific Enquiry:

This term we will be observing seasonal changes by adopting and investigating the trees outside our classrooms. We will also be finding out about our bodies. We will be identifying and labelling the parts of the body, investigating our senses and the part of the body associated with each sense. We will be describing and comparing the structure of a variety of common animals by naming body parts and grouping these animals.

ENGLISH

Phonics, Spelling & Vocabulary:

Children will have daily phonic lessons based on an appropriate phase for them and reading books will be linked to the phase that they are working on. Our focus will be on children learning to read and spell keywords, together with looking at specific spelling patterns. We are beginning to look at cursive writing in handwriting lessons which is being carried out throughout the school.

Grammar & Punctuation:

In class we will be focusing on the use of capital letters, finger spaces and full stops when writing sentences and captions. Children will be introduced to the term noun.

Comprehension & Composition:

The children will become familiar with the text and characters in 'Chicken Licken' and 'How to raise the sky?'

Texts / Class Reading book:

Dick King Smith stories

MUSIC

Our focus will be on contrasts- low/high, loud/quiet, smooth/jumpy, fast, slow.

HUMANITIES

Geography: Children will locate the position of the United Kingdom in the world, identifying and locating countries of the UK and their capital cities. They will use maps and atlases to locate different places and talk about their own personal knowledge of different countries and where they live. We will use Google Earth to discover more about where we live.

SUPPORT YOUR CHILD AT HOME

- Please read with your child as often as you can at home. This helps them to become more familiar with the text and to become more confident and fluent readers.
- Please encourage your child to complete their Homework and spellings.
- Please send in wellies and coats for Outside Learning.
