

# Brain wave

## Aut 1: Year 3

### PSHE/SEAL

- How we learn.
- Learning together and sharing what we have found out.
- Mindfulness.

### LITERACY:

Developing our recounting skills. We will be learning a text using talk for writing and then innovating our own texts using the structure and language of the text we have learnt, but in the context of the science topic work we do in class and finally we will be independently writing our own recounts about personal experiences of our own choice.

**Grammar:** reviewing nouns, verbs, adjectives and adverbs and their role in a sentence. We will be focusing on developing our skills in using fronted adverbials of time.

### RE

Learning about key stories of the lives of important religious figures in Christianity and Islam and considering the significance of these to modern believers.

### SPANISH:

- Where is Spain and what are some of the cultural features of Spain.
- Spanish greetings.

### **Stunning start:**

investigating how people think they learn by interviewing pupils and teachers around the school

### SCIENCE:

- Inside the brain.
- The link between the brain and the body.
- Keeping mind and body healthy.

### Geography:

Exploring connections between ourselves and other places around the world, looking at where we have visited, who we know in a different country and exploring products we use every day from around the world.

### ART

We are exploring colour mixing and developing a colour wheel.

### MATHS

- Place value.
- Addition and subtraction review of mental and written methods.
- Revise x2, x5, x10 and learn x3 table

### MUSIC:

Using the R & B song Let Your Spirit Fly, we will be learning to listen and appraise music and we will be looking at the dimensions of music including pitch, rhythm and beat.

### PE

- Invasion games with Mr Haywood, learning the rules and skills and how to succeed as a team.
- HRE (health related exercise) with Mrs Palmer; learning how to keep fit and healthy each day.

### **Fabulous finish:**

Celebrating what we have learnt by sharing our work with year 4.
