

Accessibility Policy

Mission statement

“To be the best that we can be”

Introduction & Rationale

The following policy links to the aims of our school, specifically:

- We aim to develop well rounded citizens of the future who know how to stay safe, be healthy and can make a positive contribution to society
- We want children to love learning, to know how to learn and what helps them to learn. We want them to look upon learning as an adventure and a challenge; children will never say “I can't” but “I can't yet!” (Resilience, Reflective)

This policy is written in accordance with the DCSF guidance publication “*Accessible Schools*”. The Policy and Audit and any actions have evolved through consultation with members of the school community.

Johnson Fold Community Primary School aims to identify and remove the barriers that particular groups of children, young people and adults may face in becoming included, valued, self confident and achieving learners.

Key responsibilities

- To draw up an Accessibility Action Plan, share it annually with the school community and update it every three years.
- To report annually to Governors on the impact of the plan, progress made and any changes required.
- To ensure no person with disabilities is treated less favourably and where necessary treat more favourably.
- To facilitate equal access to all aspects of the school community for parents/carers.
- To seek opinions of the stakeholders in the consultation process in drawing up the plan and inform them of developments.

Johnson Fold School will undertake to meet these responsibilities in the following areas:

1. Access to the curriculum
 - To ensure differentiation in planning allows the inclusion of all children.
 - To use monitoring of planning to evaluate differentiation.
2. Access to physical environment
 - To audit the school building and playground
 - To identify possible improvements needed to make the school more accessible to people with disabilities
 - To consider aids required for specific impairments
3. Access to written materials
 - To ensure that written materials are clear for all
 - To look at the way we inform the school community and improve accessibility where appropriate

Linked policies

This policy will contribute to the review of related policies
School Improvement Plan

Inclusion Policy
Teaching and Learning Policy
Health and safety Policy
Equality Policy

Evaluation

In accordance with DCSF guidance this policy will be reviewed annually, and the Action Plan will be updated every three years. All stakeholders will be informed and encouraged to take part.
This policy should be read in conjunction with :DDA Act Single Equality Act 2010
