The changing climate will actually make our weather more extreme and unpredictable. As temperatures rise, some areas will get wetter and lots of animals (and humans!) could find they're not able to adapt to their changing climate. We would like you to think of at least 5 ways of stopping or minimising this process. Write a paragraph on each of these ideas. Do not forget to add drawings or photographs to make your work outstanding.	Read every day for 15-20 minutes. Complete your reading log carefully and have it signed by an adult
