September 2019

Dear Parents/Carers

Our school is working with Terra Cycle

North Ferriby Primary School is hoping to encourage as many members of our school and the wider community to consider recycling as much as possible.

To that end our school is now a Terra Cycle drop-off collection point for the recycling of all brands of:-

- **Writing implements** - accepted waste in this programme : All writing instruments (except for wooden pencils and chalk) are accepted : Any brand of pen, felt tip, highlighter, marker, correction fluid pot, correction tape, mechanical pencil and eraser pen regardless of their composition.
- **Crisp packets** - all crisp packet brands are accepted including multipack outer packaging. Please do not fold the crisp packets into triangles.
- **Bread bags** - all brands of bread bags are accepted.

For detailed information on what happens to all the collected items please visit the Terra Cycle website - www.terracycle.com. On the website you will also be able to find other local collection points for items we are not able to collect in school.

Our school will receive points based on the volume of our collections of pens, crisp packets and bread bags which will in time accrue and raise money for our school fund for the benefit of children in our school and for other charitable purposes that we may choose from time to time, including St Anne's Special School.

So please spread the word to family and friends and bring all your used writing implements, crisp packets and bread bags to school and help to raise money as well as trying to save the planet for future generations.

Every little helps!

Thank you.

Yours sincerely

Mr R Orr
Headteacher
