

# Starfish Class

23rd - 27th September

Dates for your diary.

### What happened in school this week?

P.E. - Wednesday

Library - Wednesday

25th October  
Diwali Celebrations

22nd and 23rd October  
Parents Consultation Evenings

14th-18th October  
Black History Week

28th October-1st November  
Half Term Week

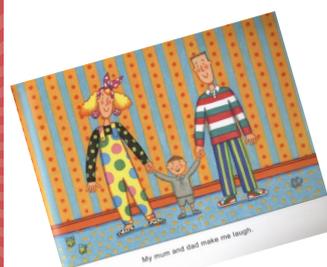

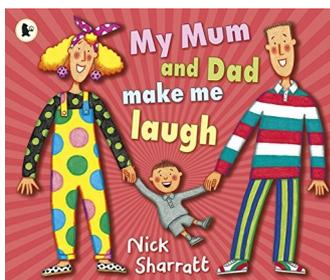

This week our topic is,

## 'Why Do You Love Me So Much'

As part of this topic we have been reading the story 'My Mum and Dad Make Me Laugh'. This story looks at family life and how families are different but also how being different is something to celebrate. As a class we have looked at and talked about our own families and the similarities and differences between different people in our families.

We have also looked at and copied the patterns from the story to make repeated patterns in a range of different ways whilst talking about shape and colour.

The children have also enjoyed using different shapes to create patterns and they have produced some lovely pictures of animals using these patterns this week.

Next Week - As we continue with our topic

## 'Why Do You Love Me So Much?'

We will be reading the story 'Why do I love you so much?'. We will be using this story to explore with the children, the people who help to keep them safe and how families look after and take care of each other.

### Home learning task

Thank you to all the parents that have sent photos in this week. Please send photos in if you haven't already the children are really enjoying looking at and taking about their photographs.

To support the children in preparation for their PE lessons can the children practice putting their own shoes on and off?

### Shape and Pattern

Can children find and talk about patterns in their home environment? Can they talk about the patterns they see or perhaps create their own picture or pattern using different shapes, stripes or spots.
