

Dates for your diary

25th October: break up for half term.

4th November: back to school

PE Days

Dolphins: Monday and Thursday.

Seals- Tuesday and Wednesday

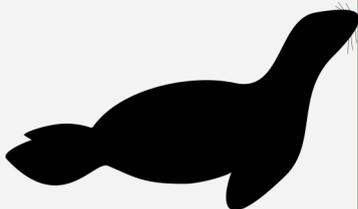

Bug Club

Bug Club is an exciting way for your child to read a wide range of books at home.

As well as reading books appropriate to their reading levels children can also practise comprehension skills by clicking on the bug to answer questions related to the text.

Your child will bring home their username and password.

Have fun exploring this great resource.

Year Two

27th September 2019

What happened in school this week?

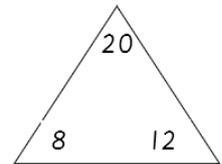

Our Learning Project this half term asks the question,

"Is That Land Ahoy?"

Our learning in school this week.

In English we have explored a range of information texts and looked at the key features. We have used our findings to create our own brilliant fact files about tortoises. Could you explore some non fiction books and identify the features at home?

In Maths we are learning about the inverse relationship between addition and subtraction. This will help us to check our work throughout year 2 and is a key skill. Ask your child to explain their understanding using this fact family.

We have been learning about habitats and science and we have enjoyed investigating who lives in the magical garden. I wonder who's living in the bottom of your garden?

Activities for you to do at home

We are going to be creating some computer programmes using an app called 'scratch jr.'. Try downloading the app and try to create a moving scene.

Please continue to practise counting in multiples of 2, 5 and 3 with your children at home and in tens from any given number; this is a key skill.

Reading books:

Your child will bring home a reading book appropriate to their reading level and one library book. The children visit the library once a week but have the opportunity to change their book earlier if they wish. We ask that you sign the reading record, when you read with your children at home.
