HOMEWORK

We have recently reviewed our approach to homework and would like to share with you the expectations. Children will receive maths homework on a Friday which is linked to their learning in class from that week. We are always very keen to ensure that the children can manage their homework, so if your child finds it particularly difficult please let us know and we will find time to go through the homework with them. Children are also expected to learn their spellings each week and we strongly encourage children to read at home at least five times per week. Daily reading is vital to all children and we thank you for your continued support in this area.
