

Science

THE EARTH and SPACE

In Science, we will be starting our project on The Earth and Space. Over the next **four** weeks, for their Learning Log homework, to create a mini-project using any format they like on an aspect of the Earth and Space. **Have fun** and please bring in your completed project the week after Half Term (Thursday 31st October).

4.10.19

My Learning Log

and the rest...!

WALT: read our AR book for meaning and practise our spellings/times tables

We expect the children to be reading daily for 15 minutes (minimum) to help them towards their targets and to equip them for life! In addition, they should be practising their tables (on Rock Stars) and spellings (Spelling Shed). We will be awarding DJ's for all those children who are engaging with these interactive programmes to support them with their learning.
