Hello! My name is Charlotte Gale and I would like to introduce myself as the Parent Support Advisor for Meadowside Academy Primary School. I provide a link between home and school and I aim to support pupils and families to get the very best from school by providing a listening ear and information. I can:

- ❖ provide direct and confidential support
- ❖ work with you to build confidence in dealing with parenting or behaviour issues
- ❖ provide advice and support your child's transitions through school and attendance
- ❖ link you to family learning opportunities and provide information on what's available in the local area
- ❖ help you talk to the school about any concerns

- ❖ direct you to other services or agencies that may be able to offer support.

I can meet with families at school or at home, provide support and information over the telephone and by text or email.

*I look forward to meeting you!*

*Charlotte*

## Top Tips!

Here is a link about the power of special time as your child navigates a return or beginning to school life:
