

During Term 2 we will be learning to:

Recognise, find and name a half as one of two equal parts of an object, shape or quantity.

Look at algorithms (instructions) and use Beebots to navigate around a map.

Recognise significant historical events, people and places in the local area (Pocahontas).

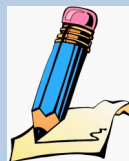

Compare toys from the past with toys today. We will also be recognising different toys and using different sources to find out about the past.

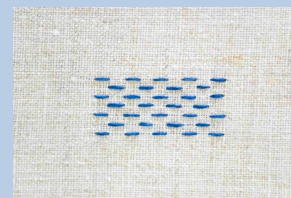

Use simple compass directions and locational and directional language to describe the location of features and routes on a map.

Sequence sentences to form short narratives, using capital letters, full stops and finger spaces.

Sew using a running stitch and using Binca to make a product.

Continue to practise our letter formation. We will be focusing on presentation and taking pride in our work.

Key Dates for the term

Monday 28th October 2019- Term 2 Begins

Wednesday 30th October 2019- Classes 7 & 8's Toy making workshop.

Thursday 31st October 2019- Classes 5 & 6's Toy making workshop.
