

Our Mission Statement:

This year we have reviewed our understanding of our school; who we are and what we want to achieve. As a result, we have endorsed our strap line "where light shines" but re-written our mission statement so that it simply explains our aims in a child friendly form:

Together we...
care and support,
explore and celebrate,
believe and achieve...
as we shine in God's light!

- **Care and Support:** Our staff are committed to nurturing every child in our school and we encourage our children to care and support each other too!
Three of our school values are **Friendship**, **Forgiveness** and **Compassion**, teaching children how to form genuine, lasting relationships with each other and how to reach out to those in need in our community and the wider world.
- **Explore and Celebrate:** We want all our children to develop a love of learning as they explore each subject, showing the value of **Endurance** in facing challenges and appreciate the value of **Fellowship** as they celebrate success together.
- **Believe and Achieve:** Children will learn more about themselves as they understand the teachings of Jesus, demonstrating the value of **Respect** for all people as they achieve their goals.

*Jesus said "Be a light for other people.
Live so they will see the good work that you do.
Love so they will praise
our Father in Heaven.*

Matthew 5: 19
