

# **(GDPR) Data Retention Policy**

## **Statement of intent**

Kilham Primary School is committed to maintaining the confidentiality of its information and ensuring that all records within the School are only accessible by the appropriate individuals. In line with the requirements of the General Data Protection Regulation (GDPR), the School also has a responsibility to ensure that all records are only kept for as long as is necessary to fulfil the purpose(s) for which they were intended.

The School has created this policy to outline how records are stored, accessed, monitored, retained and disposed of, in order to meet the School and Council statutory requirements.

This document complies with the requirements set out in the GDPR, effective since 25th May 2018. The government has confirmed that the UK's decision to leave the EU will not affect the commencement of the GDPR.

## **1. Legal framework**

This policy has due regard to legislation including, but not limited to, the following:

- General Data Protection Regulation (2016)
- Freedom of Information Act 2000
- Limitation Act 1980 (as amended by the Limitation Amendment Act 1980)

This policy will be implemented in accordance with the East Riding of Yorkshire Council policies and procedures:

- Data Protection Policy
- Freedom of Information Policy
- E-Safety Policy
- Data Security Breach Incident Management Policy

## **2. Responsibilities**

The School has a responsibility for maintaining its records and record-keeping systems in line with statutory requirements.

The staff hold overall responsibility for this policy and for ensuring it is implemented correctly.

The data protection officer (DPO) is responsible for the management of records of the School.

The DPO is responsible for promoting compliance with this policy and reviewing the policy on an annual basis, in conjunction with the School.

The DPO is responsible for ensuring that all records are stored securely, in accordance with the retention periods outlined in this policy, and are disposed of correctly.

SLT members are responsible for enforcing compliance with this policy.

All staff members are responsible for ensuring that any records for which they are responsible for are accurate, maintained securely and disposed of correctly, in line with the provisions of this policy.

## **3. Management of pupil records**

Pupil records are specific documents that are used throughout a pupil's time in the education system – they are passed to each School that a pupil attends and includes all personal information relating to them, e.g. date of birth, home address, as well as their progress and achievement. The following information is stored on the front of a pupil record, and will be easily accessible:

Forename, surname, gender and date of birth

- Unique pupil number

- Note of the date when the file was opened
- Note of the date when the file was closed, if appropriate
- The following information is stored inside the front cover of a pupil record, and will be easily accessible:
  - Ethnic origin, religion and first language (if not English)
  - Any preferred names
  - Position in their family, e.g. eldest sibling
  - Emergency contact details and the name of the pupil's doctor
  - Any allergies or other medical conditions that are important to be aware of
  - Names of parents, including their home addresses and telephone numbers
  - Name of the School, admission number, the date of admission and the date of leaving, where appropriate
  - Any other agency involvement, e.g. speech and language therapist

The following information is stored in a pupil record, and will be easily accessible:

- Admissions form
- Details of any SEND
- If the pupil has attended an early years setting, the record of transfer
- Privacy notice – only the most recent notice will be included
- Annual written reports to parents
- National curriculum and agreed syllabus record sheets
- Notes relating to major incidents and accidents involving the pupil
- Any information about an education and healthcare plan (EHCP) and support offered in relation to the EHCP
- Any notes indicating child protection disclosures and reports are held
- Any information relating to exclusions
- Any correspondence with parents or external agencies relating to major issues, e.g. mental health
- Notes indicating that records of complaints made by parents or the pupil are held
- The following information is subject to shorter retention periods and, therefore, will be stored separately in a personal file for the pupil in the School:
  - Absence notes
  - Parental and, where appropriate, pupil consent forms for educational visits, photographs and videos, etc.
  - Correspondence with parents about minor issues, e.g. behaviour

Hard copies of disclosures and reports relating to child protection are stored in a sealed envelope, in a securely locked filing cabinet in the Office – a note indicating this is marked on the pupil's file.

Hard copies of complaints made by parents or pupils are stored in a file in the headteacher's office – a note indicating this is marked on the pupil's file.

Actual copies of accident and incident information are stored separately on the SIMS information system and held in line with the retention periods outlined in this policy – a note indicating this is marked on the pupil's file. An additional copy may be placed in the pupil's file in the event of a major accident or incident.

The School will ensure that no pupil records are altered or amended before transferring them to the next education establishment that the pupil will attend.

The only exception to the above is if any records placed on the pupil's file have a shorter retention period and may need to be removed. In such cases, the DPO responsible for disposing records, will remove these records.

Electronic records relating to a pupil's record will also be transferred to the pupils' next education establishment.

The School will not keep any copies of information stored within a pupil's record, unless there is ongoing legal action at the time during which the pupil leaves the School. The responsibility for these records will then transfer to the next education establishment that the pupil attends.

School will, wherever possible, avoid sending a pupil's record by post. Where a pupil's record must be sent by post, it will be sent by registered post, with an accompanying list of the files included. The next education establishment it is sent to is required to sign a copy of the list to indicate that they have received the files and return this to the School.

## 10. Storing and protecting information

The DPO will undertake a risk analysis to identify which records are vital to Schools management and these records will be stored in the most secure manner.

Where possible, backed-up information will be stored off the School premises, using a central backup service operated by the LA.

Confidential paper records are kept in a locked filing cabinet, drawer or safe, with restricted access.

Confidential paper records are not left unattended or in clear view when held in a location with general access.

Digital data is coded, encrypted or password-protected, both on a local hard drive and on a network drive that is regularly backed-up off-site.

Where data is saved on removable storage or a portable device, the device is kept in a locked and fireproof filing cabinet, drawer or safe when not in use.

Memory sticks are not used to hold personal information, unless they are password-protected and fully encrypted.

All electronic devices are password-protected to protect the information on the device in case of theft.

Staff do not use their personal laptops or computers for School purposes.

All members of staff are provided with their own secure login and password, and every computer regularly prompts users to change their password.

When replying to group emails, only replying to the sender. Not copying in others unless applicable.

Circular emails to parents are sent blind carbon copy (bcc), so email addresses are not disclosed to other recipients.

Where personal information that could be considered private or confidential is taken off the premises, to fulfil the purpose of the data in line with the GDPR, either in an electronic or paper format, staff take extra care to follow the same procedures for security, e.g. keeping devices under lock and key. The person taking the information from the School premises accepts full responsibility for the security of the data.

Before sharing data, staff always ensure that:

- They have consent from data subjects to share it.
- Adequate security is in place to protect it.
- The data recipient has been outlined in a privacy notice.

All staff members will implement a 'clear desk policy' to avoid unauthorised access to physical records containing sensitive or personal information. All confidential information will be stored in a securely locked filing cabinet, drawer or safe with restricted access.

Under no circumstances are visitors allowed access to confidential or personal information. Visitors to areas of the School containing sensitive information are supervised at all times. The physical security of the School buildings and storage systems, and access to them, is reviewed termly by the Caretaker in conjunction with the DPO.

If an increased risk in vandalism, burglary or theft is identified, this will be reported to the headteacher and extra measures to secure data storage will be put in place.

The School takes its duties under the GDPR seriously and any unauthorised disclosure may result in disciplinary action.

The DPO is responsible for continuity and recovery measures are in place to ensure the security of protected data.

Any damage to or theft of data will be managed in accordance with the School Data Security Breach Incident Management Policy

## **11. Accessing information**

Kilham Primary School is transparent with data subjects, the information we hold and how it can be accessed.

All members of staff, parents of registered pupils and other users of the School, e.g. visitors and third-party clubs, are entitled to:

- Know what information the School holds and processes about them or their child and why.
- Understand how to gain access to it.
- Understand how to provide and withdraw consent to information being held.
- Understand what the School is doing to comply with its obligations under the GDPR.

All members of staff, parents of registered pupils and other users of the School and its facilities have the right, under the GDPR, to access certain personal data being held about them or their child.
