

Striving, Supporting, Inspiring, Succeeding

I know when and how to learn with others.

We need your help!

Dear Parents/Carers,

As a school we are passionate about creating a high quality learning environment and a rich range of enjoyable learning opportunities for the children to access. We believe many parents/carers have skills and talents to help us reach these goals. We are looking for parent/carer volunteers to help in a number of ways:

- ***Do you have a skill or talent that you could share with the children?*** Are you an amazing artist, a clever cook, a great gardener, a super sewer, a magnificent musician? Would you be willing to come and share with the children? This could be as a one-off special visit or as a regular small group activity.
- ***Can you provide time to help make resources and/or to improve the school environment?***
- ***Do you have decorating, building or carpentry skills that you would be willing to use at school.*** E.g. to transform the inside of our bus.
- ***Can you regularly spare some time to come into school and help in class?*** E.g. by hearing children read.

I appreciate we all lead busy lives but even the smallest amount of time from you could make a massive difference to the children. If you are interested in helping please fill in the slip below, or email the school enquiries@ststephensinf.org.uk by **Friday 18th October**

I will make contact with you to make further plans. Thank you for your support.

Yours sincerely,

Vicki Nicholls

Parental Engagement Leader

Parent/Carer Volunteers 2019/20- please return to school by 18/10/2019

Parent/Carer's Name _____

Child's name/class: _____

Contact number and/or email address: _____

How would you like to help the school? (Please continue on reverse)
