

Week 1 (04-09-2019)

This week we will be focusing on settling children into the Nursery after the summer break.

We will focus on building relationships and exploring the classroom.

Autumn 1  
Ourselves

Week 6 (07-10-2019)

This week we will focus on asking children what they enjoy doing and what they think they are good at to encourage children to talk positively about themselves.

In maths we will focus on understanding and using positional language using resources in the classroom.

Week 2 (09-09-2019)

This week we will begin to introduce Nursery routines, e.g. Library, PE.

We will begin short focus activities involving lots of singing of songs and stories to encourage listening and attention.

Week 7 (14-10-2019)

This week we will focus on asking children to talk about past experiences to encourage children to use appropriate tenses when talking about their experiences

In maths we will focus on height using our height chart to measure how tall we are.

Week 3 (16-09-2019)

This week we will focus on "Our Nursery" to talk about Nursery, Highfield and classmates to encourage children's relationships.

In maths we will focus on numbers 0 to 5 looking at how to represent numbers using marks and fingers.

Week 4 (23-09-2019)

This week we will focus on asking children to talk about their homelife to discuss similarities and differences between their home and other peoples.

In maths we will focus on 2D shapes. We will be explorers

Week 5 (30-09-2019)

This week we will focus on asking children to tell us their favourite foods to talk about healthy eating. We will be encouraging children to taste different fruits to promote healthy eating.

In maths we will focus on ordering objects by size or shape.

Week 8 (21-10-2019)

This week we will focus on asking children to tell us what they enjoy doing in Nursery to extend their vocabulary and build up confidence to talk to other classmates in their play.

In maths we will focus on the weight of objects, using our hands as scales. We will also continue to encourage number recognition by going on a walk around school to

Ideas for help at home:

Encourage lots of counting of objects, singing number songs and recognising numbers in the home or when outside - starting with numbers to 3, then to 5 and then to 10.

Look for 2D shapes (circles, rectangles, triangles and squares).
