All members of staff should avoid any actions or omissions, which may adversely affect the health, safety and welfare of themselves, the children and others in the school.

All members of staff are first and foremost responsible for their own health and safety and the students/visitors in their care. Staff should report any concerns to the Senior Leadership Team.

All staff must ensure that classroom/work areas are safe; equipment is checked before use, safe working procedures are followed and that protective equipment is used when needed. They should carry out risk assessments for the areas they are responsible for.

In line with the 'Every Child Matters' outcomes, children should be taught how to "be healthy" and "to stay safe".

Ensure that there is an effective and enforceable policy for the provision of health and safety throughout the school and that it is brought to the attention of all staff.

Periodically assess the effectiveness of this policy and ensure that any necessary changes are made.

Receive all reports on health and safety resulting from any inspection, audit or monitoring carried out by the school, the L.E.A., or agency such as the Health and Safety Executive.
