and the rest...!

The Journey of the Mayflower

In Literacy, we have been learning all about the voyage of the Mayflower in 1620 and what life was like on board. The children have produced some fantastic diary entries which are all very original. For our display, we would like you to create a picture of the Mayflower on its journey. You could use coloured pencils, pastels or even paint! If you try your best, your work might even go on the display. **Have fun!**

My Learning Log

WALT: read our AR book for meaning and practise our spellings/times tables

We expect the children to be reading daily for 15 minutes (minimum) to help them towards their targets and to equip them for life! In addition, they should be practising their tables (on Rock Stars) and spellings (Spelling Shed). We will be awarding DJ's for all those children who are engaging with these interactive programmes to support them with their learning.
