Strategy for the use of the Pupil Premium Grant

The Pupil Premium is additional funding for publicly funded schools in England to raise the attainment of disadvantaged pupils of all abilities and to close the gaps between them and their peers.

Funding

Academic Year 2019 to 2020

For the purposes of these conditions of grant, mainstream school means infant, junior, primary, middle, secondary, high schools, special school and pupil referral units. It does not include general hospital schools or other alternative provision.

DfE will allocate PPG to schools and local authorities (who must allocate for each FTE pupil on the January 2019 school census, at each school they maintain) the following amounts:

- £1,320 per pupil for each Ever 6 FSM FTE pupil aged 4 and over in year groups reception to year 6, except where the pupil is allocated the LAC or post-LAC premium
- £935 per pupil for each Ever 6 FSM FTE in year groups 7 to 11, except where the pupil is allocated the LAC or post-LAC Premium
- £2,300 per pupil for each post-LAC in year groups reception to year 11
- £300 for each pupil aged 4 and over in year groups reception to year 11 who is either Ever 6 service child FTE or in receipt of pensions under the Armed Forces Compensation Scheme (AFCS) and the War Pensions Scheme (WPS)

For pupils recorded aged 5 and over on the school census, PPG will be allocated on the basis of sole and dual main registrations only.

Warley Primary School had 34 children registered as eligible for PPG funding at the 2019 census. **The PPG Allocation is therefore £44880**

At Warley Primary School:

- We ensure that teaching and learning opportunities meet the needs of all pupils.
- We ensure that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed.

- In making provision for socially disadvantaged pupils, we recognise that not all pupils who receive Pupil Premium Funding will be socially disadvantaged.
- We also recognise that not all pupils who are socially disadvantaged are registered or qualify for Pupil Premium. We reserve the right to allocate the Pupil Premium funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged.

Provision

The range of provision the school will utilise during Academic Year 2019-2020 includes:

- One to one support to provide intervention to complete activities that may not be completed at home e.g. reading to an adult, completing homework tasks and learning times tables/spellings. (Identified as main barrier to learning at Warley Primary.)
- Providing small group work with an experienced teacher focussed on overcoming gaps in learning;
- Focussed support for spelling with the RWI programme.
- 1:1 support from a teacher or highly-trained teaching assistant either within the school day or after school;
- Acquiring effective materials aimed at raising standards;
- Targeting more-able children through small group work to ensure accelerated progress for all;
- Focussed reading support and intervention for pupils in Key Stage 1 and Key Stage 2;
- Additional adult support in the EYFS to bring about learning through purposeful play, talk and engagement with peers;
- Focussed reading and phonics support in the EYFS.
- Purchase of new and exciting books for home reading.
- 1:1 interventions with HLTA re Anxiety/Worries/Self-Esteem

Barriers to Learning

The main barriers to learning for pupils eligible for PPG funding are summarised below:

Barrier	Percentage of children who experience this barrier
Lack of support with home learning	67%
Unsettled home-life E.g. living at refuge, adoption, exposure to drugs, recent divorce, parental SEMH issues.	63%
Confidence and Self-esteem	55%
Parental non-attendance e.g. Parents' Evenings, One Planning Meetings, Phonics Training	48%
Anxiety	48%

SEMH (Social, Emotional and Mental Health) issues	44%
Funding e.g. for trips and uniform	44%
SEN	41%
Lack of aspirations	37%
Friendship Issues	37%
Lateness and Attendance	33%
Volatile relationship between separated parents	33%
Trauma/Attachment	33%
Mental Health - referrals to EWMHS	33%
Tiredness	22%
Previous missed education	22%
Medical Needs	15%
Insular Behaviours	15%
Diet	15%
Fine and Gross Motor skills	11%
Bereavement	4%

The PPG allocation for 2019/2020 is being used to:

- a) Provide additional small group support for all PP children across the school with a focus upon raising attainment in reading, writing, mathematics and phonics (including focussing upon better than expected attainment for more able pupils.)
- b) Provide one to one support through the use of teaching assistants for individual PP children within their base class focussing on specific interventions such as Phonic interventions for younger children and Read, Write Inc interventions for older children.
- c) Provide social and emotional support for PP children during lunch and break-times and focussed 1:1 interventions for worries and self-esteem with HLTA;
- d) Provide children with the same educational opportunities as their non-disadvantaged peers;
- e) Provide intense intervention to support the acquisition of reading skills in all year groups.
- f) Provide additional adult support in EYFS to bring about purposeful play and learning with a particular focus on language and discussion.
- g) Provide individually tailored 1:1 or small group tuition with a highly skilled teacher after school or during the day where a pupil is unable to commit to after school sessions.

It is hoped that effective provision will result in the following outcomes by July 2020:

1. In all year groups, the gap between the % of non-SEN PP children reaching and exceeding age-related expectations and the % of non-disadvantaged pupils achieving the same will further close in reading, writing, mathematics and where appropriate, grammar.
2. Progress made by PP children will begin to exceed that of their non-PP peers across the school.
3. PP children will make accelerated progress in spelling and reading which will be shown through age-related assessments.
4. PP children will have the same opportunities to complete homework and 'parent supported' tasks as their non-ppg peers.
5. PP children will enjoy school and continue to develop a 'love for learning'. School and the education system will be viewed positively by them and their parents which will in-turn result in high aspirations being held by the pupils and their parents.
6. PP children will be fully equipped to access all areas of school life and all opportunities that the school and curriculum have to offer.
7. EYFS pupils will be happy and confident which will lead to successful learning. Their speech will be age appropriate and they will achieve the GLD.
8. PP children will have had effective support and intervention regarding their anxieties and worries and will be happier and more confident.

The impact of all planned interventions will be monitored closely on a half-termly basis by the SMT, Governors and key Subject Leaders. Progress for these pupils will be compared with that of their peers. Lesson observations and dips as well as playground monitoring will focus on engagement with peers and effective socialisation. Interventions will be adjusted as and when necessary throughout the year.

It must be noted that nearly half of pupils at Warley Primary School who are eligible for PPG Funding, also have a Special Educational Need or Disability. The focus for these children must therefore be on the progress that they are making both academically, socially and towards their own specific targets rather than judging their academic attainment.

Information about last Academic Year:

Use of the PPG Allocation during Academic Year 2018/2019:

Pupil Premium Grant (PPG) Allocation for 2018/2019 was: £46,230

This funding was based on 35 eligible pupils.

The school received £1320 funding for each eligible pupil.

In some cases, barriers to successful outcomes for PPG pupils in the Academic Year 2018-2019 were noted to be:

- EYFS - Playing in isolation with a lack of purposeful socialisation and learning and limited language development opportunities
- Reluctance to work in learning groups and paired situations

- Refusal to attend fully funded after school 1:1 tuition opportunities
- Lack of support at home with learning such as reading, phonics and other homework activities
- Lack of correct uniform and kit
- Inability of parents to fund extra-curricular activities and school visits
- Poor views of schools and the academic system.
- Poor diet and lack of sleep
- Lack of parental attendance at key meetings

This was a snap shot of views taken over time and in no way represented PPG pupils as a group.

The PPG allocation for 2018/2019 was targeted to:

- a) Provide additional small group support for all PP children across the school with a focus upon raising attainment in reading, writing, mathematics and phonics (including focussing upon better than expected attainment for more able pupils.)
- b) Provide social and emotional support for PP children during lunch and break-times;
- c) Provide children with the same educational opportunities as their non-disadvantaged peers;
- d) Provide intense intervention to support the acquisition of reading skills in all year groups.
- e) Provide additional adult support in EYFS to bring about purposeful play, learning, discussion and interaction.
- f) Provide individually tailored 1:1 tuition with a highly skilled teacher after school or during the day where a pupil is unable to commit to after school sessions.
