

# Our Forest School Week

## Family Day

07/11/19

Today was Group 1's last Forest School session and their parents were invited to join us for a day in the forest.

The children were keen to show their parents all the skills they have learned over the last five weeks and the parents were keen to get stuck into forest school activities.

The children developed their problem solving and negotiation skills when using the hammock. They worked together to put the hammock up and negotiated who's turn it would be next.

## **“You can do it”**

The children’s relationships has increased over last few sessions. Today the children encouraged each other when they saw their friends struggling to do something. They showed each other what to do and praised each other when they achieved what they set out to do.

There was also lots of independent play and exploration today. Some of the children followed their own interests and persevered with what they were doing for long periods of time.

## **“I love cow biscuits!”**

The children came together to share some hot chocolate and ‘cow biscuits’. They talked about their time at Forest School and what they enjoyed doing over the last five weeks.
