

## The Nest

This week at The Nest we have been super busy – we've done so much singing and dancing, lots of playing with our new dolls and furniture for our dolls house, we've loved rearranging all the rooms each night. We have also done so much junk modelling and made our own birthday cake and presents and thrown our own pretend birthday party. We also managed to fit in watching some of our favourite stories on the big screen and then acting them out together. As well as all of this fun stuff we've also done some super firework painting's this week using the toilet roll tubes – they are full of lovely colours and glitter! It was so fun splatting our paper with the tubes! We've also learnt a lot about Remembrance Day this week in both class and the Nest. We learnt all about the poppies growing at the end of the war and have make some amazing poppies art. In the Nest we made poppies using recycled egg cartons and our super painting skills. Make sure to look out carefully in the Co-op, Thirsk this weekend for our beautiful poppies, which will be on display.

It has been such a lovely week back! Hope you all have a nice weekend and I can't wait to see everyone again next week!

### Photos from the week:

### Reminders:
