

Dear Parents / Carers,

I would like to thank everyone who took the time to complete our Year 2 Transition Questionnaire that was sent home recently. Only 17 questionnaires were completed and returned in total. It is important for us to seek the views of parents to make each child's experience at Whitehall Infant School as positive and beneficial as possible. Hopefully, in future we will receive a better response to questionnaires to enable us to do this.

We are very pleased to report that the overall response to the survey was excellent. We always welcome suggestions and feedback so that we can continue to improve.

There have been some great suggestions for improving transition in the future. We will look at integrating these ideas in to our transition arrangements for next year. Our responses to some of the comments can be found on the last page of these results.

The school is always happy to receive comments and suggestions from parents / carers throughout the school year. If you wish to complete a questionnaire or give feedback at any point during the school year, copies are available in the main school reception. There is also a link to ParentView on our website (within Key Information – Ofsted) which gives you the chance to tell Ofsted what you think of your child's school.

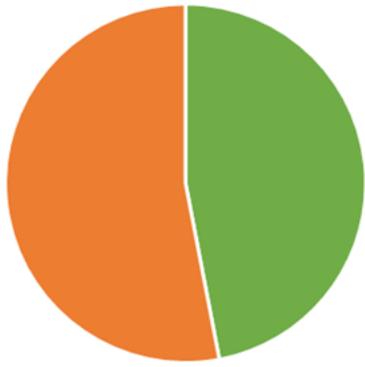

I hope we can rely on your support to help us to continue to offer a 5 Star education to your child.

Yours Sincerely

Manjit Bringan

Headteacher

Our Comments

There were some wonderful positive comments from parents and I am very pleased to hear all the things that parents felt worked well for their child during the transition period.

One suggestion for next year was that parents have ad hoc meetings with teachers instead of waiting for the parent teacher meeting. Parents are able to request meetings with teachers at any point during the school year. If you would like to meet with your child's class teacher, please speak to them to arrange an appropriate time.

Some parents requested more After School clubs. You may have noticed that we are trialling new after school clubs this term. We are still looking for a further variety of clubs - if you have any suggestions of companies that would be able to come and run an after school club please do let us know.
