## Collins English and Maths Targeted Practice Workbooks

### For Sale to Parents/Carers

Dear Parents/Carers,

We have bought a number of copies of Collins English and Maths Targeted Practice Workbooks for each of the Year groups which we'd like to offer to parents to support your child's home learning.

The purchase of a workbook is **completely voluntary** but we felt that many parents would appreciate the opportunity to purchase a workbook which supports the National Curriculum and provides consolidation work for your child at home.

We are pleased to be able to offer these books at a reduced price of **£3.00** each (there's one for English and one for Maths for each Year group) and you can buy them from the school office at any time. Please just pay cash/cheque at the office (no forms needed unless we need to order additional copies). Year 6 may be particularly keen with SATs around the corner!

I hope these books will help support the work your child is doing in school. Each phase will send an overview to parents at the start of each term to give you an indication of work being covered and there are answer pages at the back, so you can mark as you go!

Many thanks for your continued support.

Alison Mayall  
Maths Lead
