COMPASSION COMMUNITY COURAGE CURIOSITY

Dear Parents

One of the real positives of being part of the Lighthouse Schools Partnership is the opportunity we get to collaborate with colleagues from across Primary and Secondary Schools. This not only helps us ensure we provide the very best for every child at St Mary's, but it also means we can share and develop expertise. We recently took part in a peer challenge project which involved heads visiting from other schools to look at our reading provision.

It was wonderful to be able to share some of the work we are doing at St Mary's and heart-warming to receive such positive feedback. Here are some of the comments made:

'Your work is inspirational and children are very fortunate to get educated in such a place'

'Your 4 schools values shine through everything you do'

'We are leaving feeling very inspired by what we have seen'
