

**7th February
2020**

Assemblies: as this week is dedicated to children's mental health week, we focused on this year's theme - 'Find your Brave'. We talked to the children about what bravery means to them and what can get in the way of being brave. The children talked about the kinds of things that they worry about, things that may make them anxious or upset and how it's brave to ask for help if we need it. We talked about activities we can all do to make us feel better: exercise, sport, reading, music or chatting to special people in our lives.
