Dear Parents and Carers,

Last week, we sent out a letter on behalf of Connect Schools Academy Trust concerning the current outbreak of coronavirus. We are now writing to update parents about the actions which we are taking at Crofton.

The advice from the Government is updated daily, and we check every day to see whether there has been any material change to what they advise. Should you wish to check this yourself, you can go to the website as follows:

If you click on this link, you will see that, as at today, the advice remains unchanged in that only travellers from Wuhan and Hubei Province are required to self-quarantine for a period of 14 days. We do not have any pupils in either of these areas, and if any have been in any other region of China, we have endorsed the advice that they should stay at home if they develop any flu-like symptoms.

The government has also launched a public information campaign which advises everyone to:

- always carry tissues and use them to catch coughs and sneezes, and bin the tissue
- wash hands with soap and water, or use sanitiser gel, to kill germs

This is a message which we will continue to talk to the children about in school, and attached to this e-mail are the posters designed to go alongside the government campaign.

This is an emerging situation which can change daily, but please rest assured that we are continually monitoring the most up to date advice, and will act accordingly.

Yours sincerely

Susie Sargent
Head Teacher
