After school clubs – important safety information

To ensure the safety of your child and to allow the teachers in charge of clubs to be able to start their activities promptly, we must ask that the following procedures are followed:

- If your child is not fully committed to attending the club every week, then please contact the school office. We will not accept this information directly from your child so please either call in, ring, write or send an email.
- If your child cannot attend the club on a particular evening, again you should either call in, ring, write or send an email.
- If you are expecting your child to be home by a particular time, he/she does not arrive and you suspect he/she has gone to a club, please ring school to check that he/she is there rather than wait till the club has finished to see if he/she returns home then.
- On NO occasions will we accept a child telling us he/she won't be at a club. The message must come from you.

The safety and well-being of our pupils is of paramount importance to us, so PLEASE talk to your child about this information and about showing commitment and loyalty to the clubs he/she has shown an initial interest in, and help us by sticking to the above procedures.

Many thanks.
