

# *The Nest Newsletter 13th March 2020*

## What have we done this week?

This week at The Nest we have been busy planting seeds ready to sell at our spring fair. We were really good at sharing the seeds out making sure we spread them out fairly. We have had fun playing with our word jigsaws using our phonics to match the letters together to make a word.

We have also been busy doing lots of painting this week for our families. We have experimented with mixing colours to make new colours to use when we are painting. There has been some very impressive designs.

Next week we will be doing some mother's day crafts for all our fabulous Mum's.

Have a brilliant weekend and I look forward to seeing you all next week.

## News:

- We'd love our Nesties to have some slippers or non-slip socks to wear during nest time so that they can relax after a long day at school.
