Instructions

Each page shows a part, part, whole model based on number bonds to 5. Some parts of the model are missing.
Can you work out the missing number shapes?
Can you say the number bond to 5?

Use small objects such as coins, lego etc at home to represent the parts on the part, part, whole model in your jotter book. Please do not draw and write in your part, part, whole model as you will need it another day.

Choose the correct number shape to complete the part, part, whole model and make a number bond to 5. You could record the number bond by drawing it in your jotter book or by recording a calculation e.g. 2+3=5
What part is missing to make the whole 5?
